Re: **EasiFile Large Document/Blueprint Solutions**

Dear Jim,

We have now completed the conversion of our tenant plans from our old system to the EF100 and EF200 solutions supplied by EasiFile Canada. I'd like to thank you for your assistance in expediting additional units and supplies to this point. EasiFiles are like nothing we had ever seen before and they perform as well as we expected. All indications from my team and the company that performed the conversion have echoed the same responses: *"takes up less space"*, *"it's simple and well organized"* and *"it's so easy to retrieve or re-file plans"*. In fact we can confidently enter the storage room and have space to move around without fear of damaging documents or injuring ourselves on the protruding metal clamps. As West Edmonton Mall's Tenant library continues to grow, we look forward to working with you for future projects.

Sincerely,

Jeff Sheckter
Executive Vice President
